Clean Edge Announce Semi-Annual Stock Index Changes for CELS, QGRD, HHO, and GWE

Portland, OR, September 18, 2017 — Clean Edge, Inc. today announced the results of the semi-annual evaluation of the following indexes:

- **Nasdaq Clean Edge Green Energy Index (CELS)**
- **Nasdaq Clean Edge Smart Grid Infrastructure Index (QGRD)**
- **ISE Clean Edge Water Index (HHO)**
- **ISE Clean Edge Global Wind Energy Index (GWE)**

All changes became effective prior to today’s market open.

**Nasdaq Clean Edge Green Energy Index (CELS):**
The following two securities have been added to the CELS Index: EnerSys (NYSE:ENS) and Integrated Device Technology Inc (NASDAQ:IDTI).

The Nasdaq Clean Edge Green Energy Index is designed to track the performance of clean-energy companies that are publicly traded in the U.S. The Index includes companies engaged in the manufacturing, development, distribution, and installation of emerging clean-energy technologies such as solar photovoltaics, advanced batteries, hybrid and electric vehicles, and renewable materials. The five major sub-sectors that the index covers are Renewable Electricity Generation; Renewable Fuels; Energy Storage & Conversion; Energy Intelligence; and Advanced Energy-Related Materials. The securities must also meet other eligibility criteria which include minimum requirements for market value, average daily share volume, and price. The Nasdaq Clean Edge Green Energy Index is re-ranked semi-annually in March and September.
The Index is the basis for the First Trust Nasdaq Clean Edge Green Energy Index Fund (QCLN), which seeks investment results that correspond generally to the price and yield of the Nasdaq Clean Edge Green Energy Index before fees and expenses.

No securities were removed as a result of this evaluation.

**Nasdaq Clean Edge Smart Grid Infrastructure Index (QGRD):**
The following security has been added to the QGRD Index: Enel SPA (BIT:ENEL).

The Index is designed to act as a transparent and liquid benchmark for the smart grid and electric infrastructure sector. The Index includes companies that are primarily engaged and involved in electric grid; electric meters, devices, and networks; energy storage and management; and enabling software used by the smart grid and electric infrastructure sector. The securities must also meet other eligibility criteria which include minimum requirements for market capitalization and average daily dollar trading volume. The Nasdaq OMX Clean Edge Smart Grid Infrastructure Index is evaluated semi-annually in March and September.

As a result of the evaluation, the following security has been removed from the Index: Enphase Energy Inc. (NASDAQ: ENPH).

The First Trust Nasdaq Clean Edge Smart Grid Infrastructure Index Fund (NASDAQ:GRID), is an exchange traded fund that seeks investment results that correspond generally to the price and yield, before the Fund’s fees and expenses, of the Nasdaq OMX Clean Edge Smart Grid Infrastructure Index.

**ISE Clean Edge Water Index (HHO):**
The following security has been added to the HHO Index: Forterra Inc (NASDAQ:FRTA).

The Clean Edge ISE Water Index is designed to track the performance of U.S.-listed companies that derive a substantial portion of their revenues from the potable water and wastewater industry. Industry exposure includes water distribution, infrastructure (pumps, pipes and valves), water solutions (purification and filtration), and ancillary services such as consulting, construction and metering. The securities must also meet other eligibility criteria which include minimum requirements for market value and average daily share volume. Securities which meet eligibility criteria are then ranked in descending order by market capitalization and the top 36 securities are selected as Index Securities. The ISE Clean Edge Water Index is re-ranked semi-annually in March and September.
As a result of the evaluation, the following security has been removed from the Index: Energy Recovery, Inc. (NASDAQ:ERII).

The Index is the basis for the First Trust Water ETF (FIW), which seeks investment results that correspond generally to the price and yield of the ISE Clean Edge Water Index before fees and expenses.

ISE Clean Edge Global Wind Energy Index (GWE):

No securities were added as a result of the most recent semi-annual evaluation.

The ISE Clean Edge Global Wind Energy Index is designed to track the performance of companies that are primarily engaged and involved in the wind energy industry based on analysis of the products and services offered by those companies (including both pure play companies focused on the wind energy sector and diversified multinationals with wind energy sector exposure). The securities must also meet other eligibility criteria which include minimum requirements for market value and average daily share volume. The ISE Clean Edge Global Wind Energy Index is re-ranked semi-annually in March and September.

As a result of the evaluation, the following two securities have been removed from the Index: Broadwind Energy Inc. (NASDAQ:BWEN) and EDF (EPA:EDF).

The Index is the basis for the First Trust Global Wind Energy ETF (FAN), which seeks investment results that correspond generally to the price and yield of the ISE Clean Edge Global Wind Energy Index before fees and expenses.
